Popular Use Cases and Cloud Examples

Storage Type	Examples
Block Storage	AWS EBS
Object Storage	S3
File Storage	AWS EFS

Table 1: Storage Services

ASP Type	Examples
Functional / Specialist ASP	Gmail, GSuite
Vertical ASP	GSuite, Shopify, Lightspeed
Enterprise ASP	Salesforce, SAP
Local ASP	AWS Netragic, Azure Sonata, Google Searce

Table 2: Application as a Service

Integration Type	Integration Definition	AWS Solution	Azure Solution	GCP Solution
Application Integration	Connecting applications to enable seamless data exchange and communication	AWS AppSync	Azure Logic Apps	Google Cloud Pub/Sub
Data Integration	Combining data from multiple sources into unified, meaningful information	AWS Glue	Azure Data Factory	Google Dataflow/ Dataproc
API Integration	Managing and connecting APIs to enable inter-application communication	AWS API Gateway	Azure API Management	Google Apigee
Workflow Automation	Orchestrating and automating business processes across systems	AWS Step Functions	Azure Automation	Google Workflows
B2B Integration	Enabling secure data exchange between business partners	AWS Transfer Family	Azure Integration Service	Google Cloud Interconnect

Table 3: Integration as a Service

Security Type	Examples
IAM	Azure Active Directory, AWS IAM, Google Cloud IAM
DLP	Symantec DLP, Forcepoint DLP, Cloudflare DLP
Email Security	Proofpoint, Mimecast, Barracuda
Web Security	Cisco Umbrella, Zscaler
Network Security	Fortinet FortiGate, Palo Alto Prisma, Cisco Firepower
Intrusion Detection Prevention System (IDPS)	Active Logic, Snort
Vulnerability Scanning	Rapid7, Nessus, Qualys
Cloud Security	AWS Security Hub, Prisma Cloud, Azure Security Center
Threat Intelligence	FireEye Threat Intelligence, Recorded Future, Anomali
Endpoint	Symantec Endpoint, CrowdStrike, Carbon Black

Table 4: Security as a Service

Testing Type	Examples
Functional Testing	TestRail
Usability Testing	User Testing
Regression Testing	Selenium
Performance Testing	Apache JMeter
Security Testing	Qualys

Table 5: Testing as a Service
